

We are excited to announce a partnership with TPN.health, a digital platform connecting consulting psychologists, clinicians, and behavioral health organizations nationwide. Create your free account and join us on TPN.health to gain access to the following benefits.

Continuing Education Library

Enjoy continuing education from industry-leading educators, both live and on demand. TPN.health's interactive content provides for a flexible and accessible experience, allowing their users to learn at their own pace and time.

Free CE Tracker

Centralize all your CE certificates and stay updated with your progress towards renewing your license. You can also upload existing certificates outside TPN.health and apply them to your license. Your CE Tracker is the organizational tool for supporting your professional development.

Digital Profile

Set up your profile to showcase your specialties and modalities. You have the option to share your profile and connect with other clinicians and our providers through posts, videos, & more!

Community Connections

TPN.health's team ensures that every consultant and clinician is vetted to promote a safe environment for their users. Once approved, gain access to a network of tens of thousands of professionals nationwide with the ability to facilitate new connections and referrals.
